Rainbow grey rainbow,black rainbow

Glitter pink,blue,green,yellow,rose,purple,white

Carbon fiber edge black carbon fiber edge

AirBeam

Compared with the traditional foam balance beam, the inflated beam is small in size, more convenient to carry and store, which is beneficial to children. Custom color, pattern and free logo.

Size: 3x0.4x0.1m , 5x0.4x0.1m

Accessories: foot pump, repair kit

AirIncline

Compared with EPE foam wedge, portable and small in storage. Inflation within 3 min. Practise the basics of flips, or use it as a punch pad for extra height!

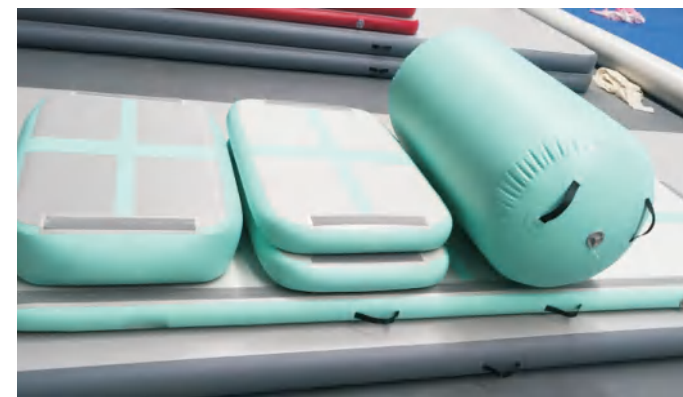

Size: 2 x 2 x 0.4-0.1 m
2 x 2 x 0.6 - 0.1m
2.8 x 2 x 0.4-0.1 m

Accessories: Bravo electric pump, repair kit

AirTrack Home Edition

The set works perfectly for all floor exercises and all tumbling passes. Those who would like to level up their skills at home will love the AirTrack Training Set - Home Edition. This set contains a combination of 4 multi-functional mats which can be used in endless ways.

Air Floor (3 x 1 x 0.1m)

home used small airtrack, would like to level up at home will love the Air Track Training Set - Home Edition. Take the set outside and create a private gym in your own garden.

AirBox(1 x 1 x 0.2m)

Stack the AirBox using the Velcro connectors and create endless training variations. Use the AirBox as a spring board and the AirRoll for balance exercises or learning flips.

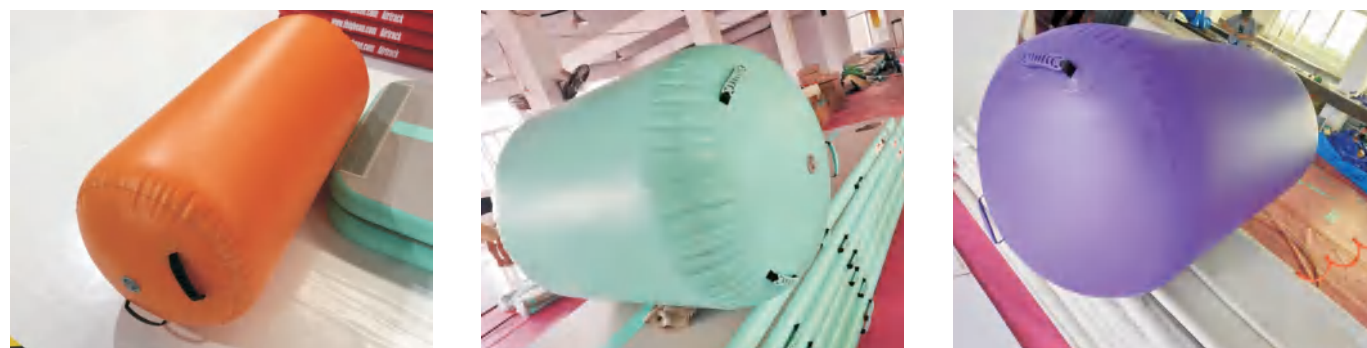

AirBlock (0.6 x 1 x 0.2m)

The light-weight Air Block is even bouncier than the Air Board and softer on the body. More Fun, Less Injuries!

AirRoll (Dia105 x 60m)

Balance exercises or learning flips. The Air Roll is developed to help gymnasts learn front- and backflips. More advanced gymnasts train their rebound and balance on the AirRolls.

Standard Accessories

Backpack

Smaller sizes (less than 7m), with backpack.
Larger sizes (more than 7m), with carry bag.
Please take the actual delivery accessories as the criterion.

BRAVO Foot Pump

smaller sizes(3m,4m) with foot pump.
This high quality foot pump is suitable for all small items.
For example the home edition or the AirSpot.
Inflation time for most AirFloors is less than 1 minute.

BRAVO Electric Pump

larger sizes(more than 4m) with electric pump.
The pump is designed for large size products, which can
both inflate and deflate very fast.

Please take the actual delivery accessories as the criterion.

Repair Kit

2pcs PVC repair patch
1pc valve connector

Pay Accessories

Standard Velcro Strips

This type of common sheet is used by most mats
to connect two different sized electrons together
to expand the playing field.

Triangular Sponge Velcro Strips

Velcro connection sheet with foam pad, can fill the gap between
two air tracks. Prevent emptying and be safer.

Bravo Pressure Gauge

The gauge used to measure and display pressure so that you can inflate
air tracks safely. The testing also can protect air tracks from being cracked
or damaged because of improper operations.
